

Ed Gibbons

Edmonton City Councillor Projects Overview

Ed has worked tirelessly with administrators, community groups and individuals assessing, developing and shepherding a great variety of ward related improvement and development projects.

As a member of the City of Edmonton's Community Services Committee and with accumulated experience in the operation of a small business and various recreational initiatives, Ed provides a willing ear and confident leadership turning important, people-oriented projects from drawing board concepts into tangible realities.

Confident leadership turning projects from drawing board concepts into tangible realities
